## CAR HITS BOY RIDING BICYCLE

Injured Lad Rushed to Hospital in Serious Condition.

While riding his bicycle near First and G streets northwest, yesterday afternoon, Earl Columbus, 12 years old, 20 Girard street northeast, was struck by a street car of the Washington Railway and Electric Company. The boy was hurled to the pavement with such force as to knock him unconscious, and he was taken to the Emergency Hospital in a passing automobile.

Doctors at the hospital say that he is suffering from a fractured skull and concussion of the brain.

The street car, in charge of Conductor M. E. Baldwin and Motor-man P. T. Stevens, was westbound on New Jersey avenue and G street when the accident occurred. The bicycle, which he was riding, was demolished. Boy Scout papers in his coat pocket furnished the identification.

A collision between a street car and an automobile truck belonging to the Chapin, Sacks Company, operated by George W. Everdale, 67a Bates street, at Thirty-third and P. streets, resulted in Motor-man W. L. Clark being bruised about his left side.

His injuries are not serious. Both the truck and the street car were damaged.

## WOMEN'S CLUB HEARS BARRETT

Director of Pan-American Union Tells of Trade With Argentine.

Business women of Argentina have the same problems to contend with as those in Washington, but without business experience to guide them, according to John Barrett, director of the Pan-American Union and former minister to Argentina, who spoke at a meeting of the Business Women's Club at Wesley Chapel last night.

Mr. Barrett described the changes brought about in South American countries by modern industrial conditions. Before the war, he said, women never appeared alone on the streets; and when they began to support themselves, were ostracized by society. Now, however, their worth is beginning to be appreciated.

Miss Heloise Brainerd, second vice president of the council, told of the work which the Y. W. C. A. is doing in Argentina.

The meeting voted to send a message of friendship to the business women of Argentina from the business women of Washington.

## TRIBUTE PLANNED IN NURSE'S MEMORY

De A. R. Hall tonight will be the scene of one of the remarkable tributes, which a nation pays to a woman, who has done great things in the cause of humanity, among which was the recruiting of 20,000 nurses for the use of the army and navy. The services will be in memory of Miss Jane A. Delaney, formerly director general of the department of nursing of the American Red Cross, who died in service at Savanay, France, recently.

Franklin K. Lane, Secretary of the Interior, will preside, and among the speakers will be Miss Mahara T. Boardman, Brig. Gen. Francis A. Winter, Surgeon General William C. Braisted of the navy, Surgeon General Rupert Blue, of the public health service, and Miss Clara E. Noyes, president of the American Nurses' Association.

At the conclusion of the eulogies Mrs. Newton D. Baker, wife of the Secretary of War, will sing.

The services will begin at 8 o'clock, the Rt. Rev. Alfred Harding, Bishop of Washington, delivering the invocation.

## GIRL SCOUTS PAGEANT FOR BADEN-POWELL

A reception to Sir Robert Baden-Powell, of London, organizer of the Boy Scouts of England, will be given by the Girl Scouts of Washington, May 14, when the veteran British soldier will be in the Capital.

A pageant of eight scenes will be given by the Girl Scouts at the Sylvan Theater, of the War Camp Community Service, in addition to dances and tableaux descriptive of the work of their organization.

## 131 SINGS HERE IN LAST MONTH

Washington Fast Taking Lead in Community Choral Endeavor.

Mainly through the efforts of Prof. Peter Dykema, of the University of Wisconsin, community singing in Washington during the last month has been organized on a basis more extensive, probably, than any other city in the country.

Folk, patriotic, love and popular songs and classics are included on the program of the War Camp Community Service, of which he is a representative. During last month 131 singing events were held in Washington under his supervision. They were attended by 2,520 persons.

## ALL YANKS TO WRITE MOTHERS ON MAY 11

American officers and soldiers will observe Mothers' Day, May 11, as they did last year, by writing a letter on that day to their mothers.

Acting on instructions from the War Department, the adjutant general of the army has forwarded messages to the various commanding officers asking that they bring to the attention of every officer and soldier the desire of the Secretary of War that each write a letter home on that day.

## LARGE ALASKAN TRACT SET ASIDE FOR HOMES

President Wilson, at the request of Secretaries Lane and Houston, has issued a proclamation excluding a considerable area from Chugach National Forest, in Alaska, and restoring them to subjection of the homestead entry law, it was announced yesterday.

These lands will become subject to entry only for residence purposes on July 5 and for other dispositions on July 16.

About 25,000 acres will be restored under this proclamation. 100,000 of which are surveyed. The land is valuable for agricultural purposes.

## CIRCUS ARISTOCRACY CLINGS TO TRADITIONS

One hears a great deal about the aristocracy of the stage, but little of the aristocracy of the "sawdust arena." The circus is not continuously in the eye of the public, while the stage is short, and quickly does it spread its wings and cover the country. The aristocracy of the amusement world, however, is found in the circus.

"I saw you the other night," said a young woman in a group of the Ringling Brothers and Barnum & Bailey circus. "I wish I could ride as well as you do. I think you are a really great equestrienne."

"Thank you," replied Miss Hanneford. "My maternal grandmother was a really great equestrienne. The flash in her eye denoted the great pride she felt in her lineage."

With the Ringling Brothers and Barnum & Bailey circus, which comes to Fifteenth and H streets northeast, next Monday and Tuesday, there are a great many performers who go back from two to eight generations to the Davenport-Victoria and Orrin's father, John Davenport, was one of the stars of his day, and so was his grandfather, Henry."

## WOMAN ACQUITTED IN BONE DRY CASE

Mrs. Amelia Russo, of Alexandria, Va., was acquitted of violating the Reed bone-dry law in Police Court yesterday by Judge McMahon.

## NAVY PROPOSES STREET DANCING

Gobs and Marines Ready to Glide with Washington Girls.

For the first time street dancing is to be officially introduced to the people of Washington.

The navy's plans are completed to give the city the time of its life this afternoon and evening.

For days Admiral Cowies office has been humming with preparations, securing bands, singers, entertainers. "Come on! Dance with the Navy!" is the Navy day slogan.

At 8:30 p. m. a dancing party will begin on the Capitol plaza, with the Marine Band from Quantico, Va., playing.

At 9 p. m. another dancing party will open on the base of the Monument, with the Navy Band playing, and both parties will continue until everybody goes home.

In the afternoon there will be a dancing party at 4:30 in front of the Navy building at Seventeenth and B streets, with the Navy Band playing.

To each and all of these parties everybody is invited. "Come on! Dance with the Navy!" If you haven't a beau or a girl, come on, anyway. There will be gobs and marines, girl marines and yeomen (O plenty) to see you are not idle.

For those who do not care to dance, the Navy has arranged a delightful program of motion pictures at the Sylvan Theater on the Monument grounds. These pictures have been especially made and selected for the occasion.

## SOCIETY HEARS PLEA FOR VOTE

Massachusetts Folks Learn Of Unenfranchised Condition Here.

"We advocate the adoption of an amendment to the Constitution of the United States, giving Congress power to grant such representation as it sees fit to the District of Columbia," said Roger C. Wells, representative of the Citizens' Joint Committee on National Representation for the District of Columbia.

Mr. Wells gave a brief talk before the Massachusetts State Society meeting, last night, in the Wilson Normal School.

"The District has a greater population than several of the States. It pays more taxes than each of twenty certain States and has contributed more to the liberty loans than any of a number of States. The purpose of this movement is not to change the form of government of the District, but to bring about the adoption of an amendment."

There was a partial election of officers of the society and the organization adopted the report of the nominating committee as follows: Robert S. Bickford, president; Mrs. Larz Anderson, first vice president; John H. Hammond, second vice president; Ernest W. Roberts, financial secretary, and Mrs. T. A. McGeogh, recording secretary.

## 60,000 Yanks Are on Way Home, Department Says

Over 60,000 men from the A. E. F. yesterday were on the Atlantic on their way from France, the War Department announced.

Army transports are carrying 60,993 men and 2,332 officers to American ports. The President Grant is carrying the largest load, 5,175 men and 164 officers.

## 5,130 Join Army in Week

Army enlistments during the week ended April 26, totaled 5,130. The War Department announced yesterday. There were 23,387 enlistments between March 1 and May 1. Of these 6,017 are enlisted for duty with the A. E. F., 1,210 for the Philippine department, 490 for the Hawaiian department and 58 for the Panama Canal department.

## SUPREME COURT HEARS WIRE CASES

Contention that the President under the Wire Control Act has not power to set either interstate or intrastate telephone rates was made before the Supreme Court yesterday by Fred S. Jackson, attorney for the State of Kansas.

Other attorneys who argued before the court in the telephone cases limited their attacks on the rates fixing power of the President and Postmaster General to the interstate feature.

Oliver E. Sweet, attorney general of South Dakota, declared that the telephone companies were creatures of the State and were therefore subject to State regulation alone within the State border.

## ARMY TANKS OFFERED FOR LOAN EXHIBITS

"Communities which desire army tanks and their crews for celebrations and exhibition may obtain them by applying to the War Department, it was announced yesterday.

Provided no expense is incurred by the War Department, the tanks and their crews will be furnished upon application, provided there is no interference with the general instruction and training activities of the Tank Corps.

## CAPT. MOORE RETURNS.

Word has been received of the arrival in New York of Capt. Grover E. Moore, Co. H, 218th Regiment, Eighteenth Division.

Capt. Moore was in the battle of the Argonne. He is the son-in-law of Wm. J. C. Greevy of this city, and lives at 312 E street northeast.

## Three Auto Licenses Revoked.

The automobile operators' permits of the following men were revoked by the District Commissioners yesterday: John W. Mitchell, 506 M street northwest; Walter R. Burton, Good Hope road southeast; John W. Higdon, 815 Fifth street northeast.

## U. S. AGENTS WATCH I. W. W. CONVENTION

Chicago, May 6.—Delegates attending the national I. W. W. convention here prepared a protest today against the resolution adopted by the common council, which would halt the ten-day meeting in its second day.

The session today swung into the real business of the convention, routine matters and organization, having been finished. Police and Federal agents are on hand.
